

'Let's Annex Hawaii', Says Suppr. Darby

Vacations in Honolulu are wonderful things — especially for Supervisor Raymond V. Darby, who immediately recognized Hawaiian Islands, Santa Catalina and San Clemente as being within Los Angeles County "limits."

Accordingly, he wrote in a postcard to the board, he would like the county boundaries extended to "include" the islands.

Ever ones to go along with a gag, his colleagues "ordered" the Hawaiian group annexed to the county.

'Impulsive' Gent Has Blowout, Grabs Tire-Blows

Bill Williamson, who lives at 1735 Rosecrans, sometimes gives way to impulse.

Like Thursday night. After a tire blew out on his car, he stopped in at Edwards Service Station, Redondo Beach Blvd., near Hawthorne, and purchased a replacement.

That one blew out. Williamson came back, demanded, and got, another replacement, and blew.

A third time he came back, claiming that the second tire had also blown out.

But clerk Boyd Carter, at this point, demurred.

"You gotta see the manager, bud," he said.

Whereupon, before the startled gaze of Carter, Williamson strode to the tire pile, picked up a tire, tossed it in the back of his car and, as Torrance police reports said:

"Shoved off."

\$360 Missing From Station Cash Box

Torrance police today were checking leads in the disappearance of \$360 from the cash box of Waggoner's Service Station, Carson and Western.

The money was taken sometime between 12:30 and 3:30 a.m. Thursday, Manager William Love reported. He said that clerks William Mainwaring, 1522 Compton Blvd., Gardena, and Carol Goss, 616 E. Carson, were on duty at the front of the station during the hours of the possible theft, but had not noticed the money was missing until it was checked by Love shortly after 3:30 a.m.

Sgt. Percy G. Bennett is in charge of the investigation.

Two Refinery Men Promoted

Two General Petroleum Corp. Torrance refinery employees, F. W. Gifford and R. W. Johnson, have received promotions.

Gifford, of 21237 Archibald Ave., Torrance, employed at the Torrance refinery since 1934, has advanced to the post of shift foreman in the refining department. His first company job was as a roustabout.

Johnson's new assignment is general-shop foreman for the Engineering Construction department. Prior to his promotion he was maintenance foreman. Since his employment in 1937 as a roustabout, Johnson has worked on Engineering Construction department operations at Wilmington and Vernon, a native of Los Angeles, he lives in Rivera.

TWO BOYS BEAT UP SIX FOOTER

It was reported today that two boys, age four and five, attacked and beat up a 25 year old six footer. The two youngsters are alleged to have jumped up and down on the arms and back of the six footer causing serious internal injuries. But, reportedly, the six footer didn't feel a thing, mostly because it's a six foot divan.

Sam Van Wagner of Van's Mattress & Upholstery Co., 2083 Torrance Blvd., rushed the divan to his sofa clinic and performed his usual successful operation with customer reasonable fee. Mr. Van Wagner says: "Don't let your children rip the covering off your furniture. Let us do it so we can recover same with beautiful modern fabric. Remember our phone please - Tor. 1194. It's an ad."

McMAHAN'S Ready for Christmas with a Great GIFT SALE!

CHRISTMAS BELONGS TO THE HOME

What a wonderful way to celebrate Christmas by giving gifts for the home gifts the whole family will use and love now and for years to come. What a wide selection of furnishings we have! You'll find gifts for Mom, Dad, Sis, Brother and everyone else on your shopping list. Start your Christmas shopping now. Use your credit to pay on the easiest terms in town.

Beautiful Gifts for Homes Priced at Big Savings!
